ADRIANO RIBETOS AFFAR

Information Systems Graduate | Web Development | Internet of Things | Multimedia & Video Production

Jayapura, Papua, Indonesia | +62 821-9948-1169 | adriano.affar28@gmail.com | Portfolio: adrianoaffar.github.io

PROFESSIONAL SUMMARY

Information Systems graduate from Universitas Cenderawasih with a GPA of 3.57/4.00. Over 4 years of experience in multimedia production, live video mixing (VMix/OBS Studio), graphic design, and front-end development. Proven ability to lead cross-functional teams across 10+ documentation, publication, and live broadcast projects at campus and national level. Experienced coding instructor for elementary and middle school students. Strong interest in web development, IoT, and video production.

JOB EXPERIENCE

Main Coding Teacher (Contract) *2025 - 2026*

Ruang Guru x UOB My Digital Space

- Delivered standardized foundational coding and computational thinking curriculum to primary and middle school students.
- Facilitated interactive live learning sessions, simplifying complex logic concepts into engaging practical exercises.
- Mentored and guided students in building their coding projects, achieving a 100% curriculum completion rate.
- Evaluated student progress, provided constructive feedback, and submitted periodic learning assessments to the project management team.

IT Staff *2024*

WMK Universitas Cenderawasih

- Documented all organizational activities and designed recap visuals for internal publication needs.
- Managed the organization's Instagram account and coordinated Zoom meetings to support team collaboration.

PROJECTS

IoT 4-Directional Catfish Feeder | *ESP32, ESP32-CAM, TDS Sensor, pH Sensor, Servo mg996r, C++, Blynk IoT* *2026*

- Developed an automated 4-sided feeding device with scheduling and remote monitoring via Blynk.

Smart Waste Sorting & Automatic Bin | *YOLOv8, OpenCV, Python, Arduino R3* *2025*

- Built a real-time wet and dry waste sorting system using YOLOv8, OpenCV, and Arduino-driven servos.

Koperasi Pintar Noken Management System | *PHP, MySQL, Bootstrap* *2025*

- Created a web system for member transactions, loan-saving records, and administrative dashboards.

ORGANIZATIONAL EXPERIENCE

Community Engagement *2026*

IoT Technical Assistant & Android Application Developer

- Engineered & Deployed a solar-powered IoT Smart Autofeeder (ESP32) and cloud Android app with 97% dosing accuracy for real-time monitoring and automated feeding.Calibrated DS18B20, turbidity, and ultrasonic sensors with a custom pellet feeder, achieving 97% dosing accuracy.
- Empowered & Published: Trained 14 local fish farmers with 85.7% independent adoption, co-authoring a Sinta 3 accredited research paper on the system's deployment.Trained 14 local fish farmers on app operation, enabling 85.7% to manage the system independently.

Publications and Social Media Coordinator *2025*

GenBI Universitas Cenderawasih (Bank Indonesia Scholarship Recipients)

- Directed the short film "Anakku, Pahlawanku" from pre-production through distribution, screened as the official representation of GenBI Uncen 2025.
- Designed content and Instagram posts that increased audience visibility and engagement with GenBI Uncen activities.

VMix Coordinator *2025*
Commemoration Committee of the Communion of Churches in Indonesia

- Operated VMix to produce real-time multi-source broadcasts (cameras, music, and text titles) for YouTube and on-site videotron displays.
- Ensured uninterrupted online worship broadcasts, enabling congregation members to follow services remotely without technical disruption.

Volunteer Teacher & Video Editor *2025*
Dies Natalis, Faculty of Mathematics and Natural Sciences (FMIPA), Universitas Cenderawasih

- Edited the official Dies Natalis 2025 aftermovie, used as the faculty's primary event documentation.
- Volunteered as an instructor for Elementary through High School students, introducing the Information Systems program to build interest in IT.

Publication and Documentation Coordinator *2024*
PKKMaBa, Faculty of Mathematics and Natural Sciences (FMIPA), Universitas Cenderawasih

- Led video capture and editing of the official PKKMaBa aftermovie, delivering the faculty's primary event documentation.

Pertukaran Mahasiswa Merdeka (PMM Batch 4) – Universitas Brawijaya *2024*
Roles: Easter Committee Chairman | Lead Videographer | Visual & Publication Coordinator

- Led a cross-cultural committee to organize Easter worship events successfully.
- Served as Lead Videographer for the short film *"Bertukar"*, ensuring seamless delivery to the post-production team.
- Designed videotron displays, event promotions, and Instagram visual content for the PMM 4 Cultural Festival.

Member *2022 - Present*
SaCode Community

- Developed technical IT skills through continuous learning and collaborative community projects.

Video Mixing Coordinator & Creative Team *2020 - Present*
Multimedia GKI Pniel Kotaraja

- Operated VMix to support consistent live worship broadcasts for over 4 years.
- Designed social media content and edited videos to enhance the congregation's visual communication quality.

EDUCATION

Bachelor of Information Systems *2022 - 2026*
Universitas Cenderawasih, Jayapura, Indonesia

- GPA: 3.57/4.00.
- Relevant coursework: Internet Programming, Internet Of Things, Databases, Object-Oriented Programming, Machine Learning and Multimedia.

SMK Negeri 3 Teknologi dan Rekayasa (Vocational High School) *2019 - 2022*

- Completed an internship at PT. Telkom Abepura.

CERTIFICATIONS & AWARDS

- Best Graduate – Faculty of Mathematics and Natural Sciences (FMIPA), Universitas Cenderawasih *2026*
- Fundamentals of Data Science with Microsoft Fabric - Dicoding Indonesia *2026*
- Certified Social Media Marketing Specialist - National Professional Certification Agency (BNSP) *2025*
- Certified Participant of Pertukaran Mahasiswa Merdeka (PMM Batch 4) - Ministry of Education, Culture, Research, and Technology of Indonesia *2024*
- 2nd Place Winner – Papua Provincial English Debate Competition *2021*

SKILLS
